MISSION STATEMENT

BHFL GROUP PROVIDES AN INTEGRATIVE APPROACH TO HELP EXECUTIVE LEADERS GROW AND SCALE THEIR COMPANY THROUGH OUR TRAINING, COACHING AND CONSULTING SERVICES. WE WILL GUIDE AND TAKE YOUR PERFORMANCE TO THE NEXT LEVEL.

SELECTED PAST PERFORMANCE

Department of Navy, NAVSUP Leadership Development and Executive Coaching October 2020 - Present

Subcontractor/Team Lead engaged to provide customized individual coaching to support competency development as defined in the 360 DiSC assessment. Selected candidates are comprised of civilian and active-duty personnel selected for leadership development, located in the US and globally. Sessions are delivered virtually or by telephone.

FEMA, Houston, TX and Miami, FL

Tier-II Subcontractor for two FEMA Disaster Recovery contracts engaged to provide contract support services in the areas of HR, administrative support services to recruit for drivers and debris cleanup, and project management. BHFL Group recruited more than 50 trucking and debris removal companies, including veterans, woman-owned, and minority-owned small businesses. Administrative support included tracking loads hauled, tickets, payouts, and weekly reports.

Centers for Disease Control, Atlanta, GA

Subcontractor and Senior Project Specialist for the CDC Work@Health Initiative. Managed and issued task orders to assign trainers and coaches to provide blended training sessions and provide technical support. Conducted telephonic surveys to collect program data and monitor wellness plan design to be awarded funds to implement worksite health and wellness programmatic requirements. Responsible for collecting subcontractor invoices and reconciling to disburse payments.

Washington Headquarters Services, Washington, DC

Subcontractor & OD Project Consultant/Trainer engaged to lead a change management initiative, provide agency-wide training and executive coaching to roll out a new performance management system and metrics to improve agency program evaluation ratings.
Washington, DC

Veterans Administration Hospital, Cheyenne, WI

Subcontractor & OD Project Consultant/Trainer engaged in leading a change management initiative to rollout patient electronic health records; provided curriculum design, training, and support to nursing practitioner compliance training.
